Museum Highlight

1919-D Mercury Dime

Certified by the Professional Coin Grading Service as Mint State 66 Full Bands
Tied for the Highest Quality Specimen

Known as one of the most beautiful coins ever produced by the U.S. mint, the Mercury Dime especially resonates with our family as the winged cap symbolizes the freedom of thought and the entrepreneurial spirit on which our great country was founded.

“In 1916, a new Dime design was introduced to replace the old Barber design that had been in use since 1892. Designed by A.A. Weinman, the new design featured a portrait of Liberty facing left, wearing a winged cap. Because of the resemblance to the Roman god, Mercury, the coin became known popularly as the “Mercury Head” Dime. The reverse blends a Roman fasces (ax surrounded by a tied bundle of sticks) and an olive branch, indicating America's military readiness but also their desire for peace. The Mercury Head Dime series is one of the most popular in all of American numismatics” ([PCGS](#)).

ARROW&BRANCH WINERY UPDATE

Coming Soon - Spring 2024

We are excited to share this new, state-of-the-art winery facility and hospitality space with a small collective of like-minded vintners who believe in uncompromising quality. Over the years, Napa has become a gathering place for the Contursi family and they hope the new winery project will become the same for some of Napa's finest brands and their guests. Our aim is to create a winery that we are all proud to call home.
